Cooper County, Missouri CENSUS TRACT 29053950500

These experiments will provide broadband service to the 912 eligible high-cost locations in unserved high-cost Census Blocks within these Census Tracts, including 3 anchor institutions.

Proposed Services

Voice and Broadband services with broadband transmission speeds of up to 100 Mbps provided over fiber to the home technology.

¹ See *Technology Transitions et al.*, GN Docket No. 13-5 et al., Order, Report and Order and Further Notice of Proposed Rulemaking, Report and Order, Order and Further Notice of Proposed Rulemaking, Proposal for Ongoing Data Initiative, FCC 14-5 (rel. Jan. 31, 2014).

Funding

I-Land Internet Services estimates construction costs to be a total of \$1,527,790, based on knowledge of the area. The costs will be refined once the actual unserved census blocks are identified and a formal proposal is submitted. I-Land Internet Services requests \$1,527,790 in funding from Connect America Funds in a one-time funding and will fund the ongoing expenses to operate the system.

I-Land Internet Services appreciates the opportunity to provide this non-binding expression of interest. Please contact me with any questions.
